

Unique Training in Art Perception

# Accelerative OptimaLearning In Art™

See Paintings "Through New Eyes"™  
Empower your Mind and Life

January 31<sup>st</sup> – February 1<sup>st</sup>, 2009

Palace of The Legion of Honor, San Francisco

Saturday, 10:00 am – 5:15 pm • Sunday, 1:30pm – 5:15 pm

You too can see the essence of great art "through new eyes." Unlike traditional didactic museum tours, this ten hour training program in Accelerative Optima-Learning In Art™ (AOLIA) will train you to interact directly with paintings - **immediately, personally and in-depth**.. AOLIA will help you discover the **artistic VISION** that emanates from each painting. This radically different method will sharpen your perception so that you can look at art with "painterly" eyes, eyes trained in **specific techniques of "seeing"**.

You will be guided to discover the "secrets" of genius and build your own criteria for greatness in art. Through AOLIA you will profoundly experience the orchestration of color and form with the essence and meaning of **artistic expression**. The techniques of the method activate dormant brain/mind energy to invoke major shifts not only in aesthetic perception, but in general perception as well. AOLIA also strengthens your innate pattern-seeking processes. It trains your mind to grasp the gestalt of experience or ideas, assimilating details clearly and quickly

As a special bonus, you will be introduced to a brief history of critical paradigm shifts in European painting, period by period. You will also learn about key pictorial components and how they interact with one

another - form and color; composition; light and shade; contrast, complementation; multiple perspectives - and *all that in action*.

Most importantly, you will learn to **ENJOY art** in museums or outside them - everywhere!

Whether you are a novice or a connoisseur, AOLIA's optimally interactive process will help you expand your vision, feeling and perception. This leads to creating new connections, sharpening mental processes, generating ideas, and **stimulating your creativity** in work and life.

Join Dr. Ivan Barzakov, the creator of OptimaLearning® and this specialized AOLIA program. For the past five years Dr. Barzakov has conducted AOLIA programs in major art museums in London, New York, Paris, Rome, Amsterdam, Madrid, Barcelona, Buenos Aires, and San Francisco.

You will go home with special tools. Then you can use these tools with paintings from any culture anywhere in the world to make any picture come alive! Moreover you will carry your **new perceptual skills** beyond the museum walls, seeing beauty more vividly in nature and in life. See [www.optimalearning.com](http://www.optimalearning.com).

*"Not only can I see paintings with 'new eyes.' I see the world differently too. I discover beauty everywhere."*

*"AOLIA gave me a vitality I hadn't experienced before. My creativity has exploded."*

**CALL TODAY (415) 898-0013** to secure your place in one of the training programs.

Enrollment is strictly limited to 8 persons for these programs at the Museum.

TUITION is only \$230 plus your admission to the Museum.

**Barzak Educational Institute International**

120 Landing Court, Suite A, Novato, 94945
